- **Cravings**
- **Post**

# Recommendations

# Recommendations

- There is an empty white box behind the recommendation bar when dragged all the way down.

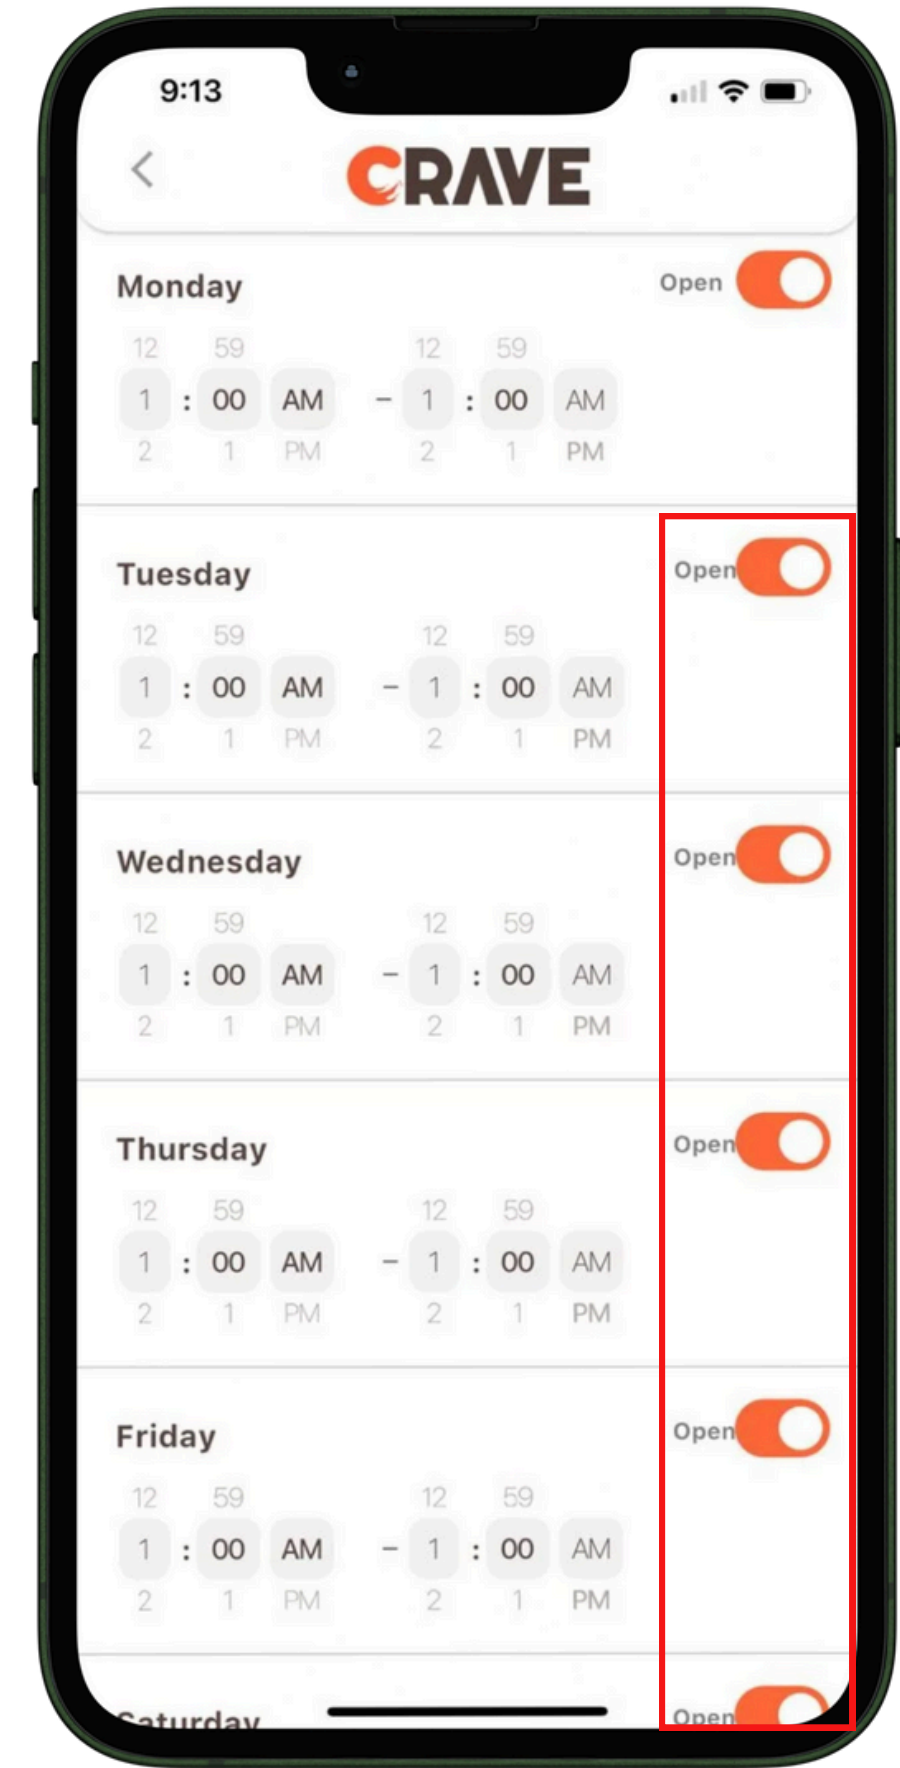

Live App

**Cravings**

# Cravings

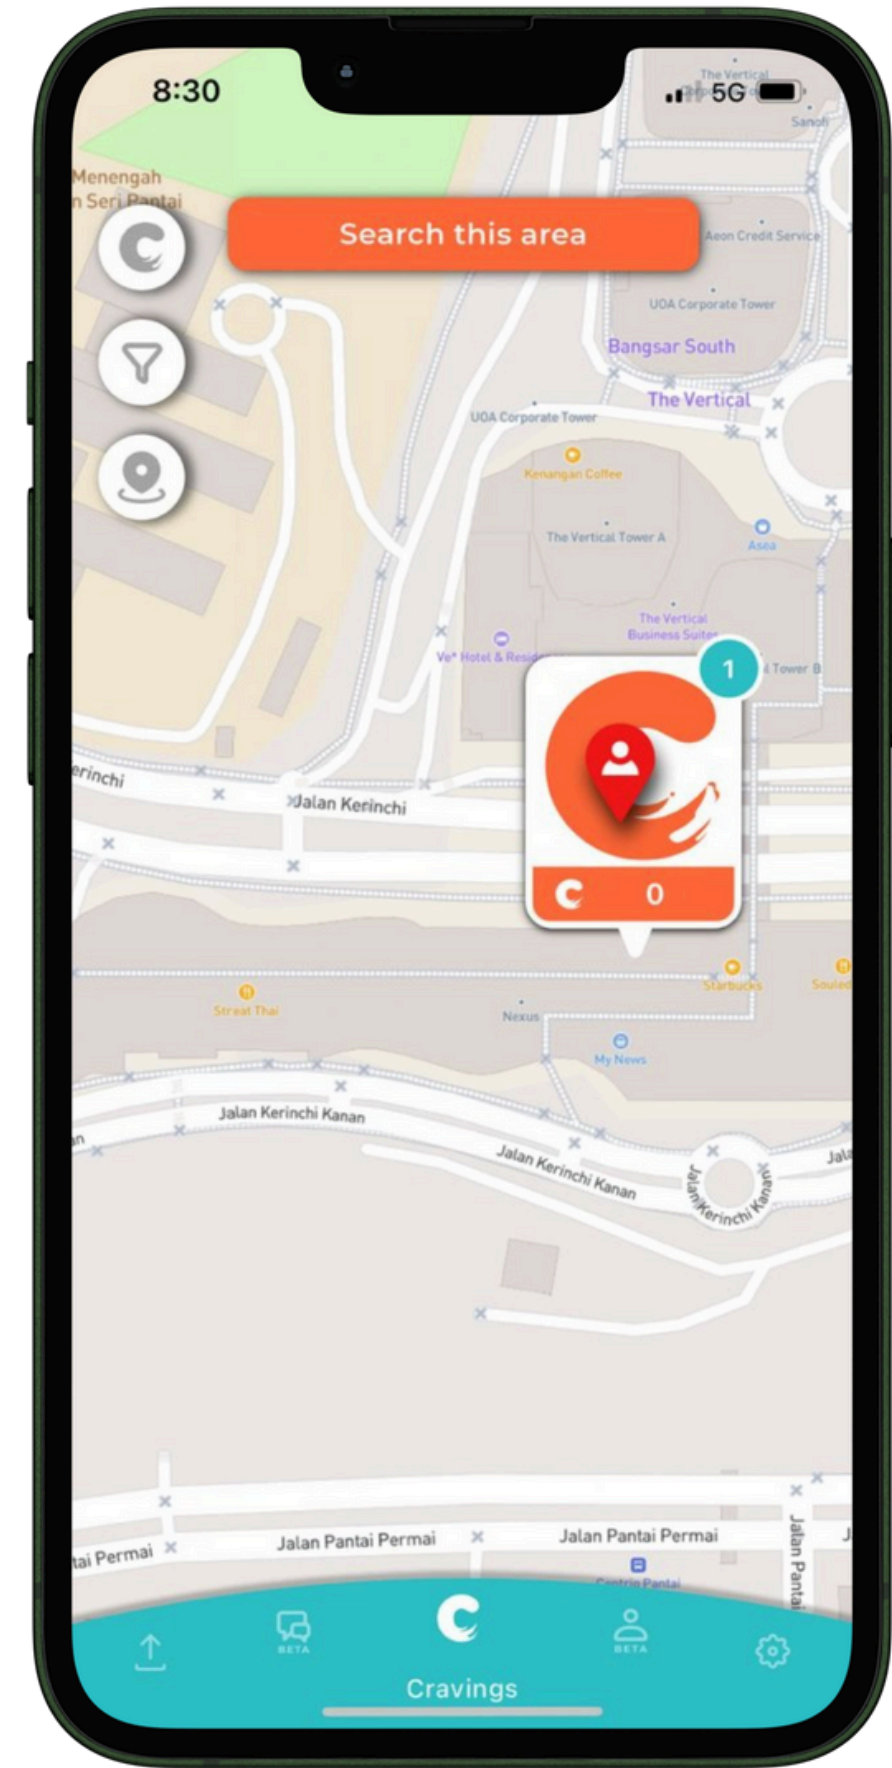

- The 'Open' text is too close to the button. There should be a small gap between the button and the text.

Live App

# Cravings

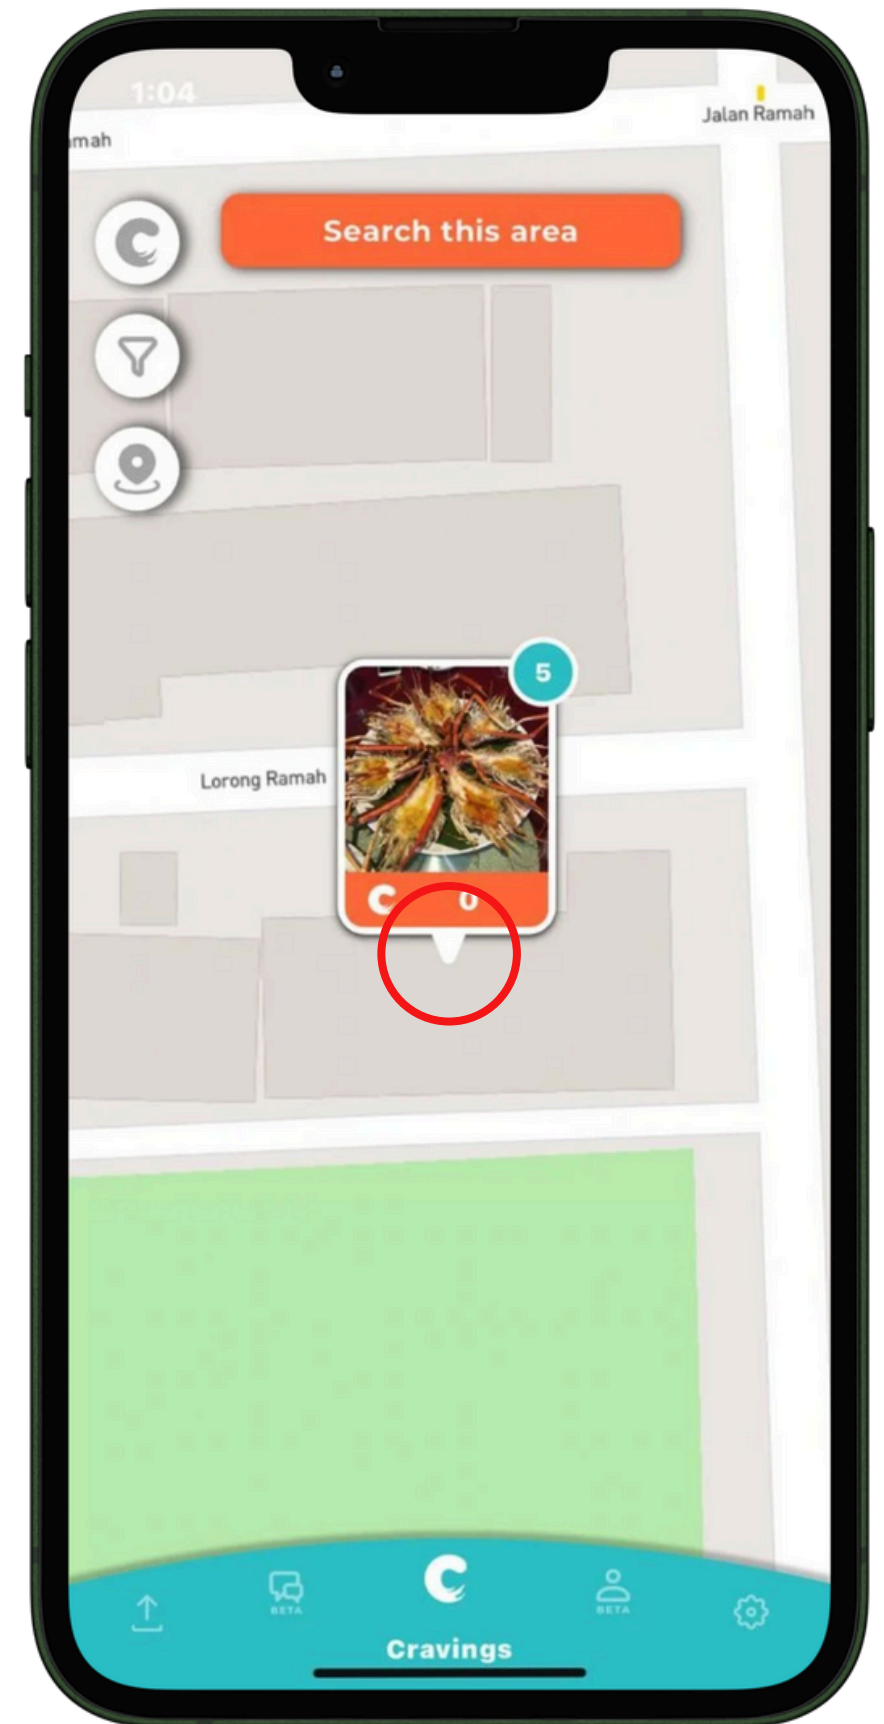

- Uploaded pictures cannot be viewed because the file size is too large. When attempting to view them, they appear as 'C'
- **Important note:** The user should be able to see the picture as soon as they upload it.

Live App

# Cravings

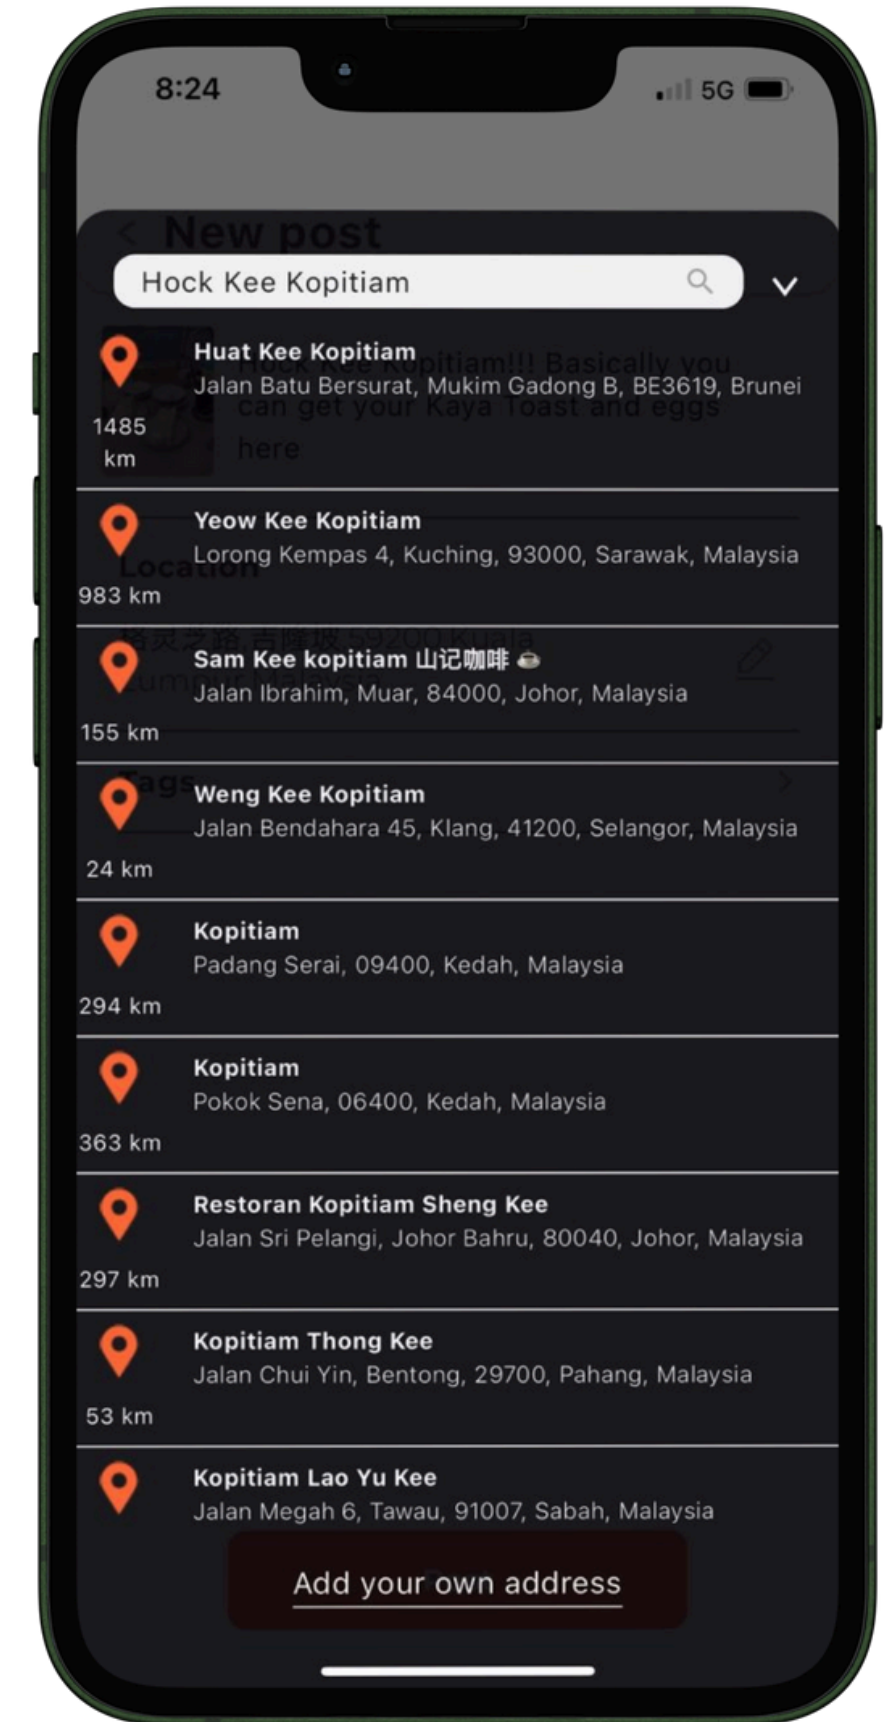

- The picture frame has drop shadows but the pinpoint doesn't have shadows underneath it.

# Cravings

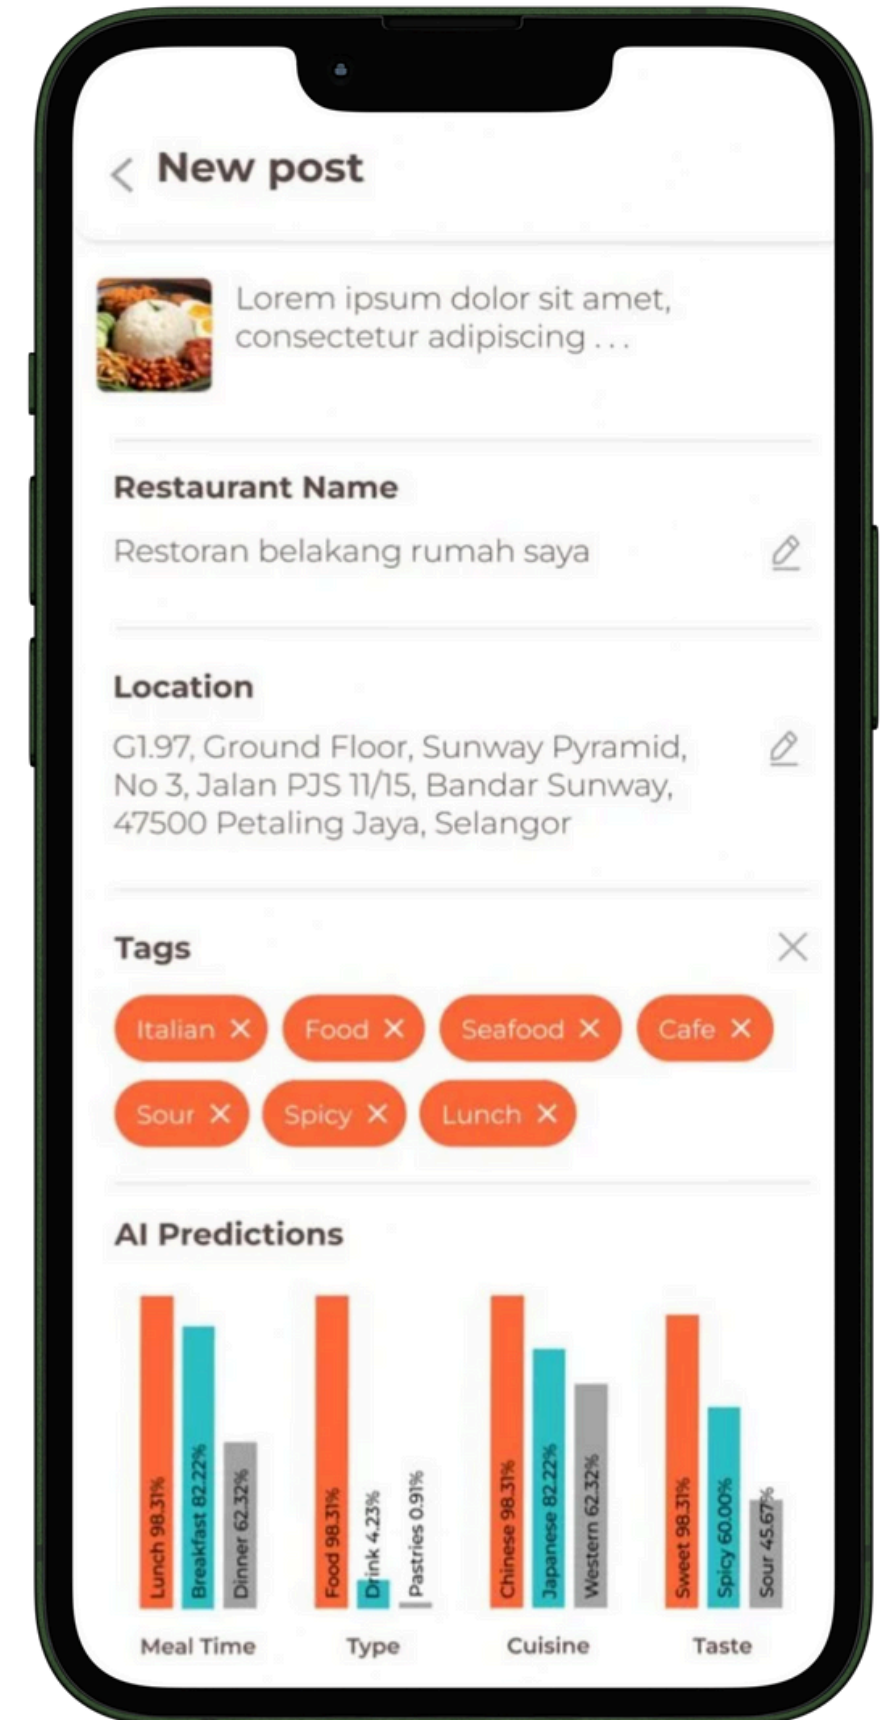

- The areas should be sorted by distance in ascending order (from the nearest to the furthest distance).
- The address search engine is outdated.
- There are issues with the format if the text is too long.

**Post**

# Post

- After uploading a picture, the the restaurant name will be displayed in the “Crave's List” on the homepage.
- A new field for restaurant name is added.
- **Important note:** The location should display the restaurant name then the location on other pages. (eg: **Restoran belakang rumah saya**, G1.97, Ground Floor, Sunway Pyramid...)

**Thanks!**
