**Craves**

# Craves

- The “Crave Recommendations (BETA)” is changed into a search bar.
- Username is changed into restaurant name.
- Captions is added under restaurant name.
- Restaurant name color is **Crave Orange (#FF6839)**
- The height of the popup is reduced.
- **Important note:** The parameters are sorted by distance of the restaurant then Craves.

**Filter**

# Filter

- “SET LOCATION” is changed to “SEARCH LOCATION”.
- A confirm button is added to apply changes when user selects the options and wants to confirm their selections.
- **Important note:** After confirm button is pressed, it is followed by a loading screen then shows the filtered results.

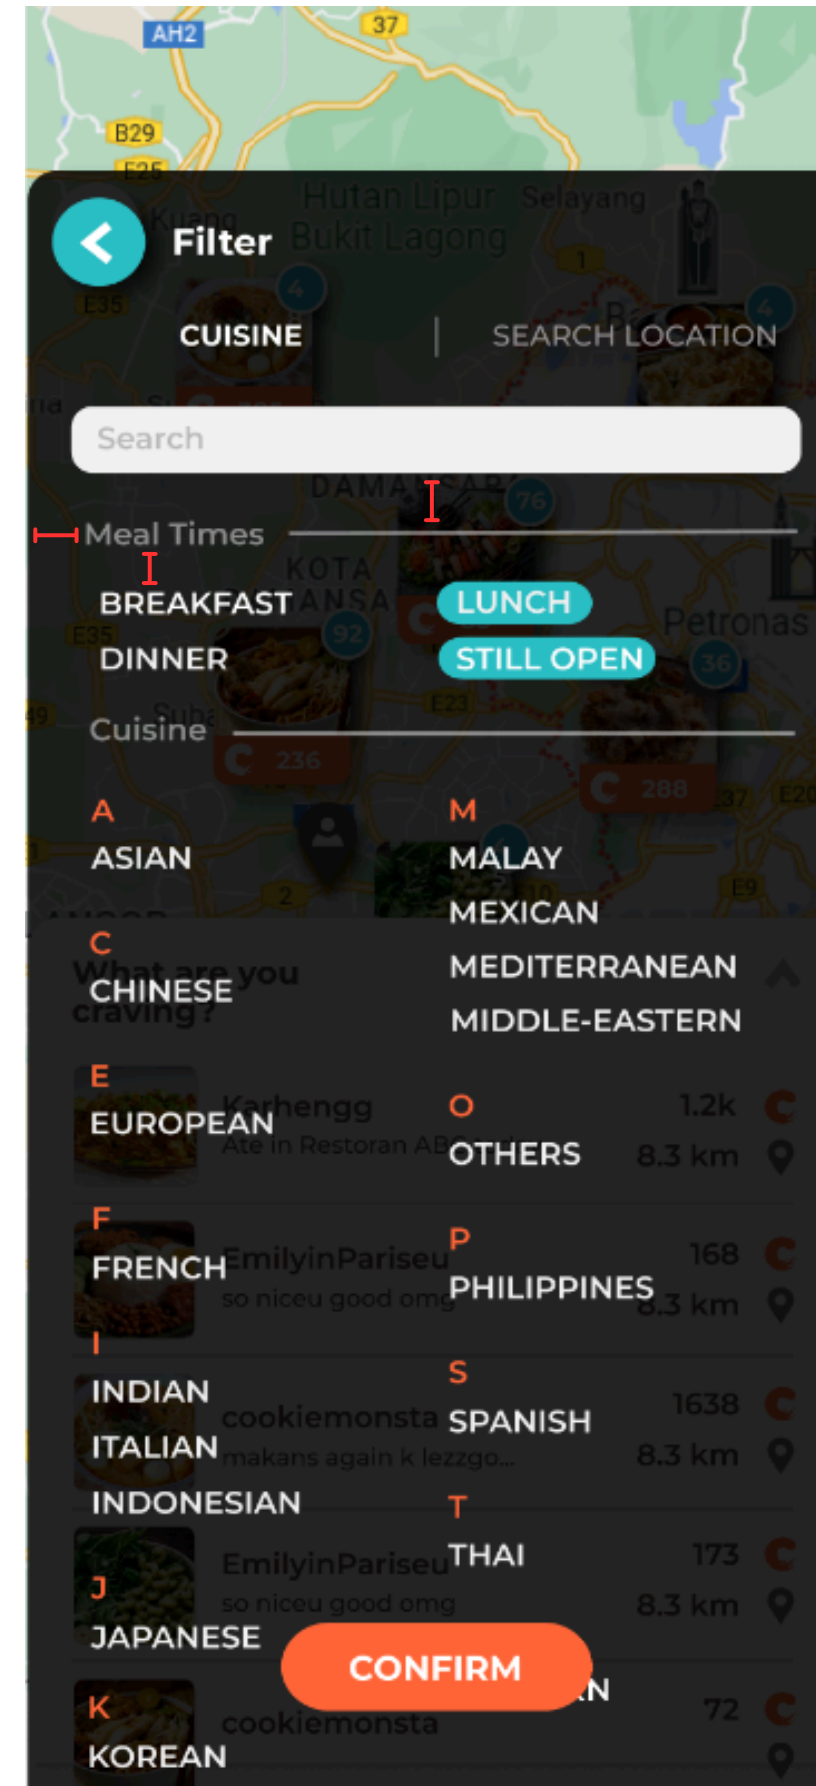

UI/UX Design

# Filter

- Font size should be 16.2px.
- Font used should be **Montserrat**.
- The layout sizing needs to be readjusted to match the UI/UX design (eg. space between search bar and “Meal Times” should be decreased to match UI/UX design).

# Filter

- Filter back icon should be larger and needs to have some margins.
- Search placeholder should use Montserrat font and color should be #BDBDBD.
- **Important note:** Adjustments made should be more identical to the UI/UX design (eg. spacing, font size, margins, etc.).
