

# Mobile App Testing Report

**6 May, 2024**

# Table of Content

- **Welcoming Page**
- **Cravings**
- **Search Bar (Recommendation)**
- **Comments**
- **Statistics**
- **Filter**

**Welcoming Page**

# Logo Colour

- The app opening logo is the wrong shade of orange. It should be the same as in the UI/UX Design.
- **Important Note:** The shade of orange should be Crave Orange (#FF6839).

UI/UX Design

Live App

**Cravings**

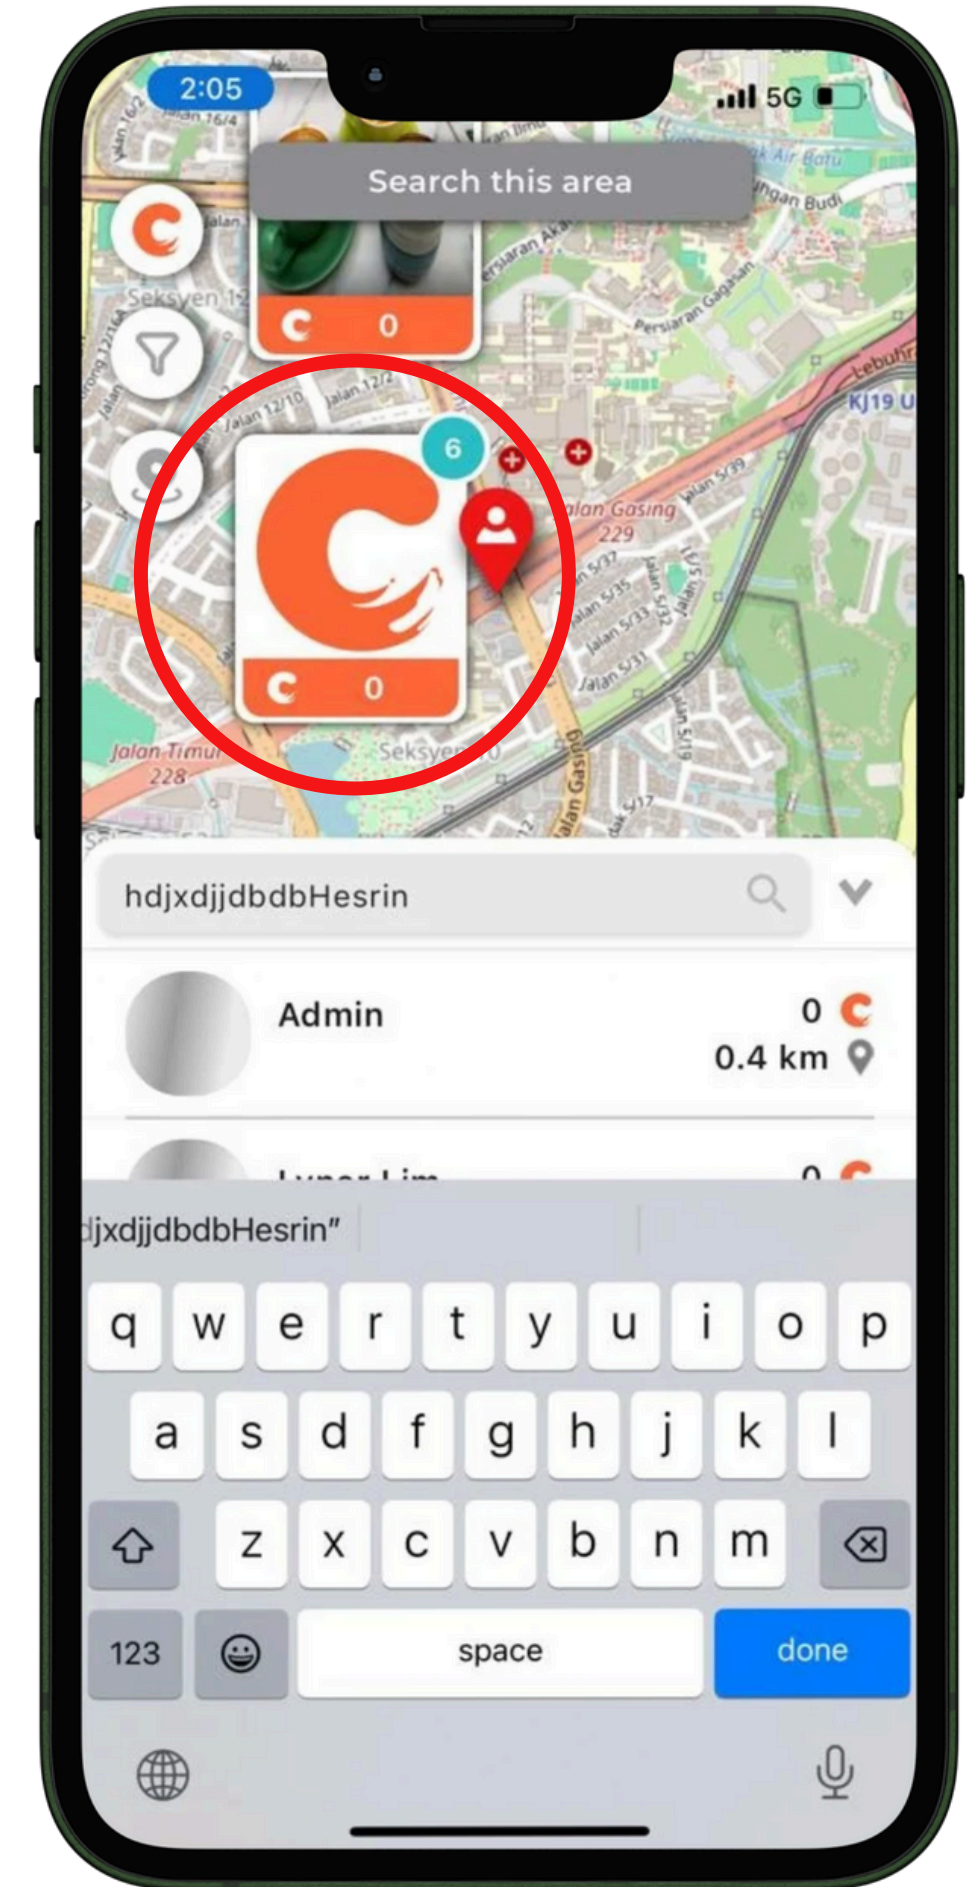

# Cravings

- Every time user presses “Search this area” button, the **number of restaurants increases with every press** and the image changes into the crave logo.

# Cravings

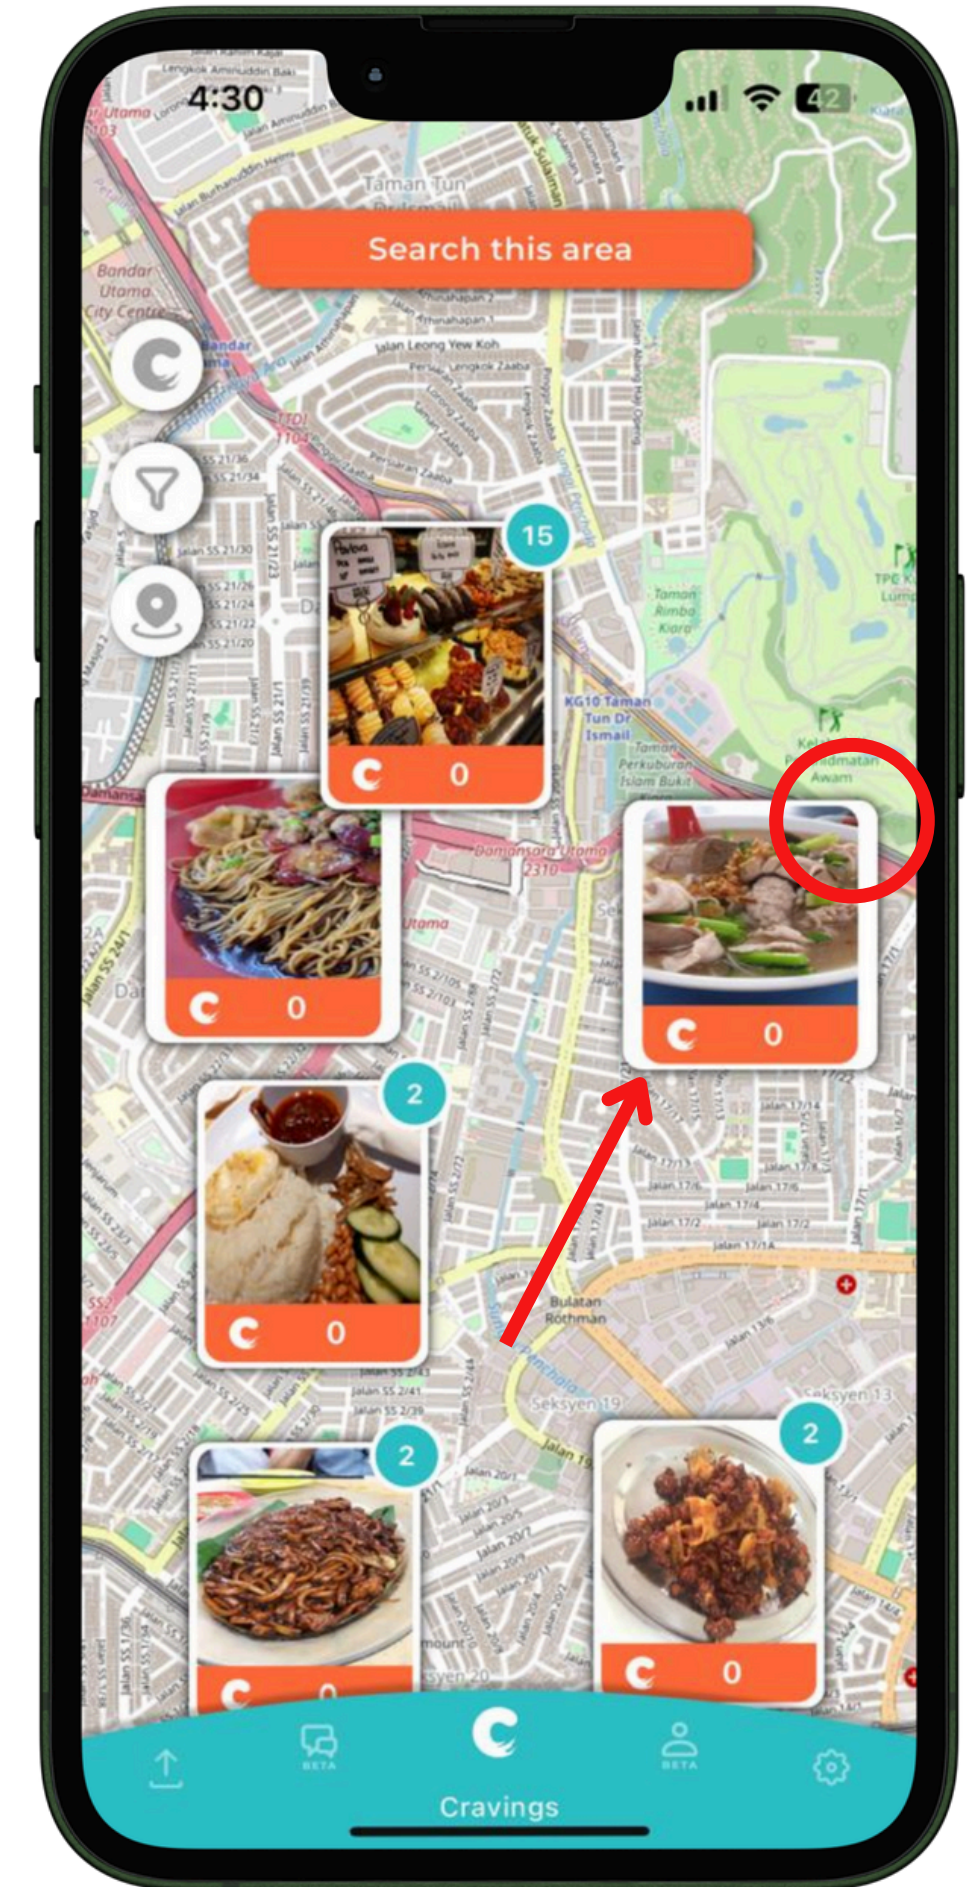

- Some food pictures show the Crave logo instead of actual food pictures.

# Cravings

- Some food picture frames are too wide and food picture number is missing.

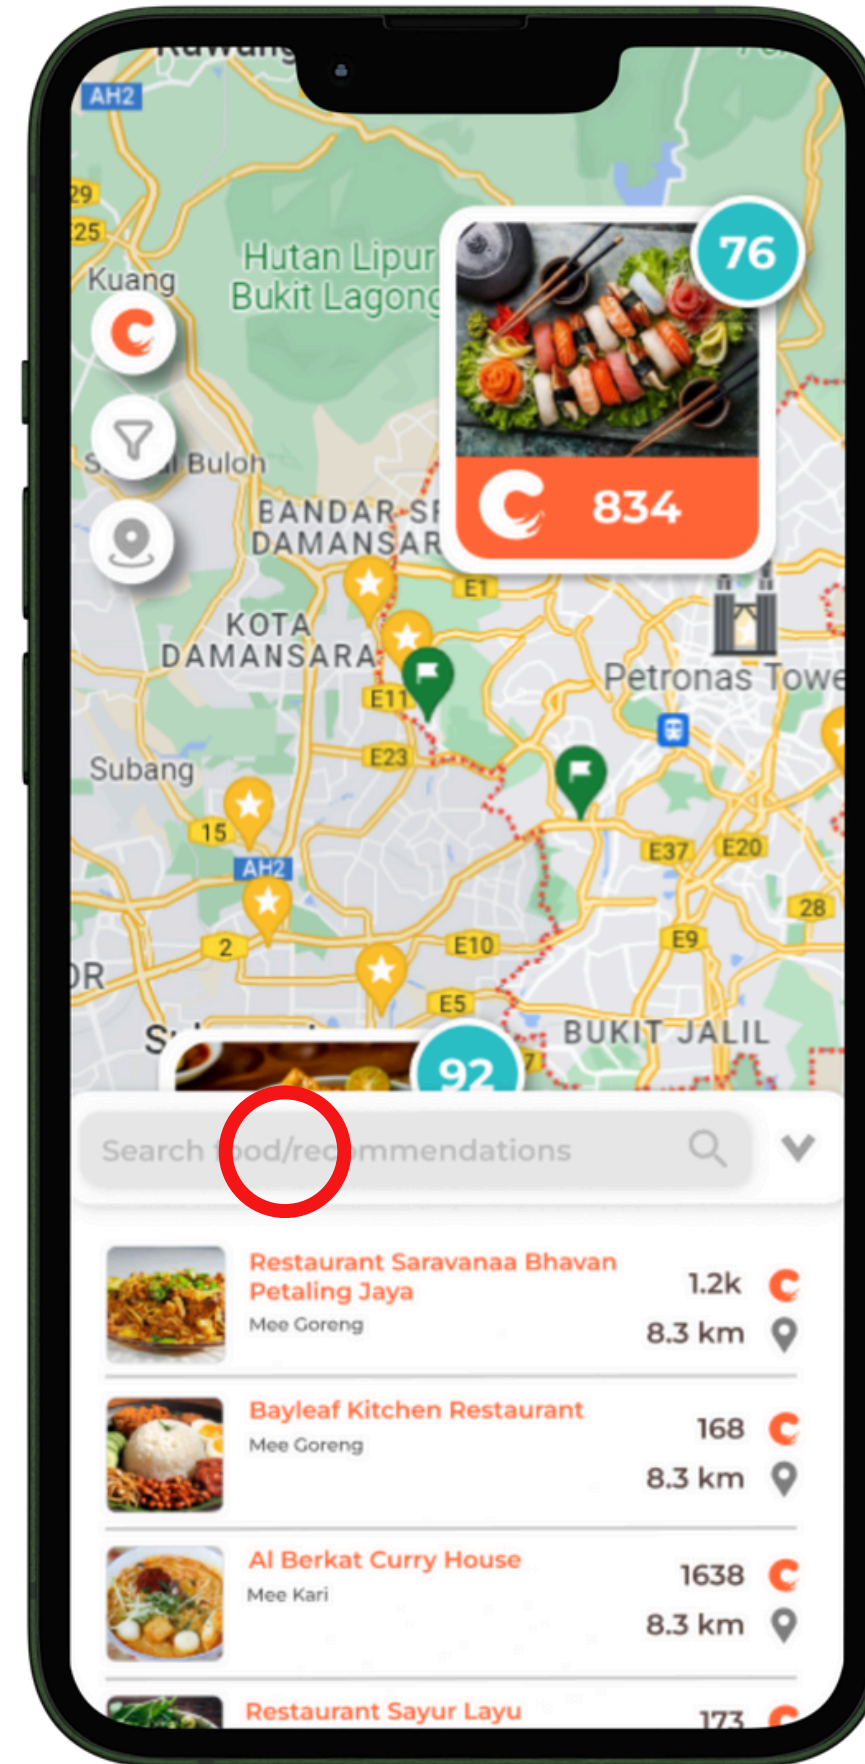

# Search Bar (Recommendations)

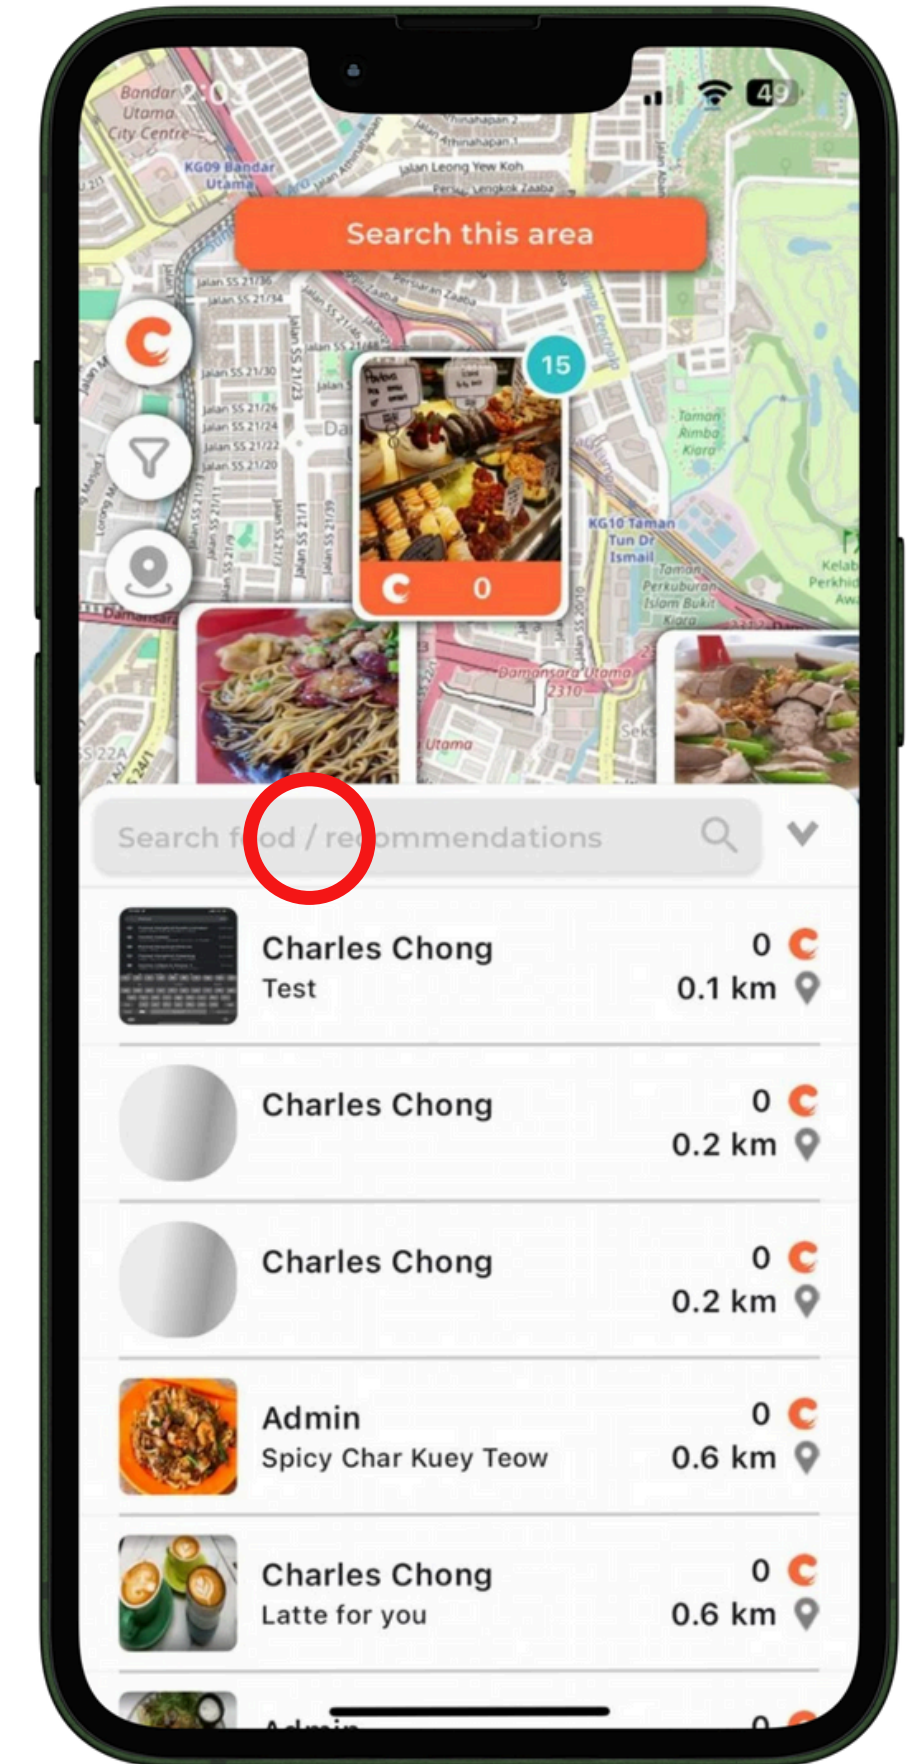

# Search Bar

- There shouldn't be a gap next to the slash in the search bar.
- **Important Note:** It should be written as 'Search food/recommendation'

UI/UX Design

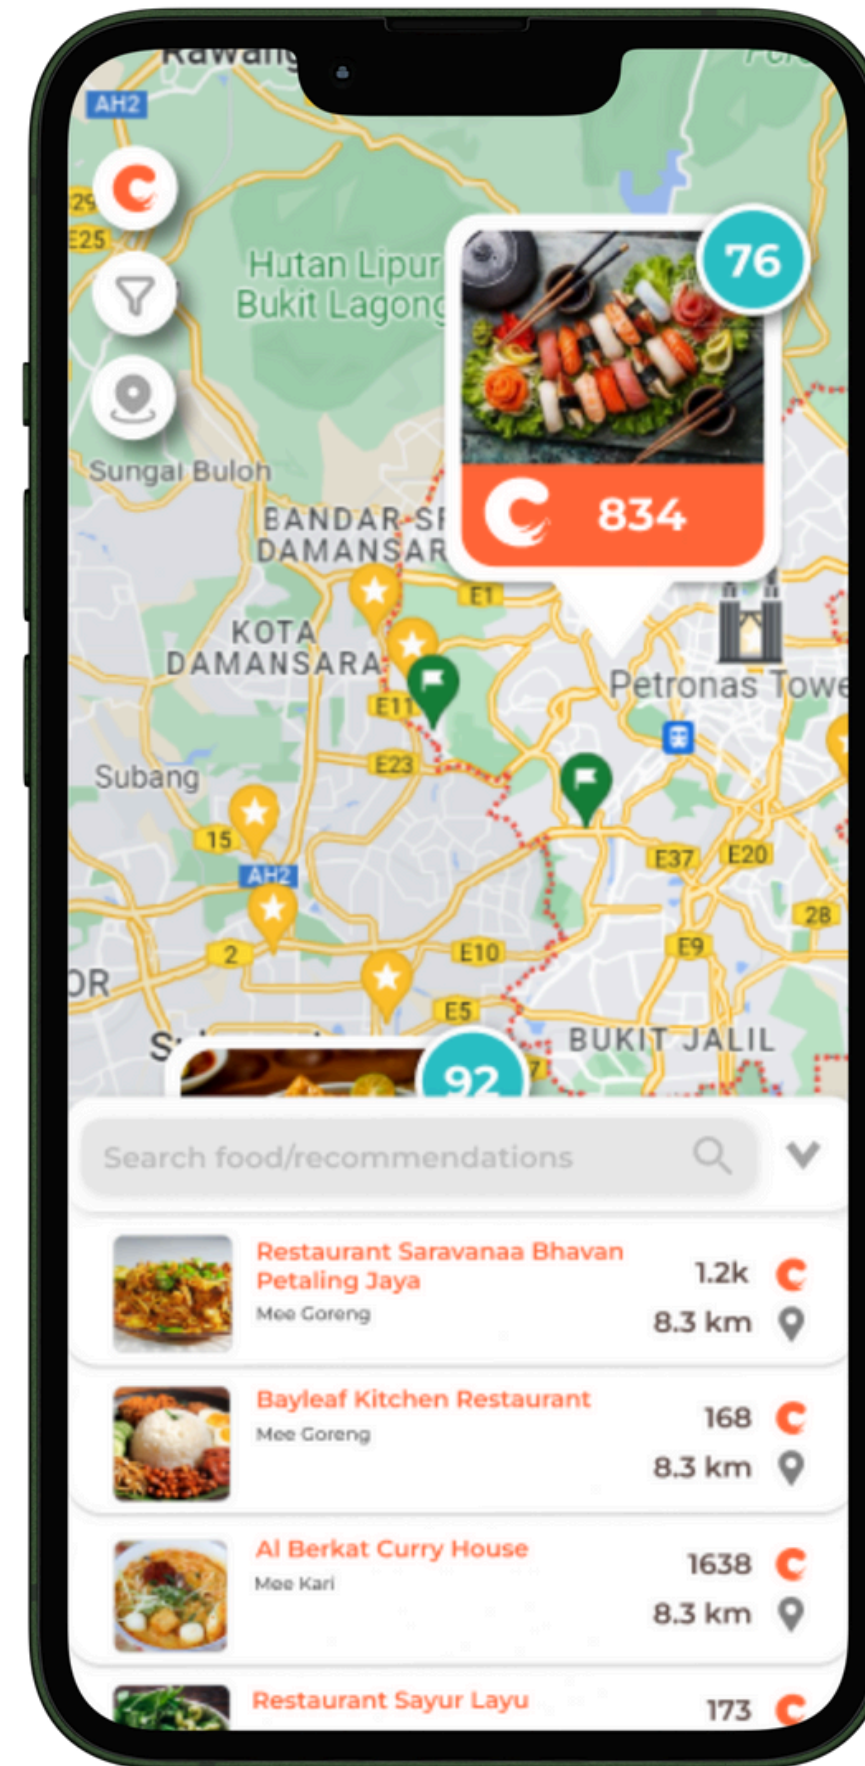

Live App

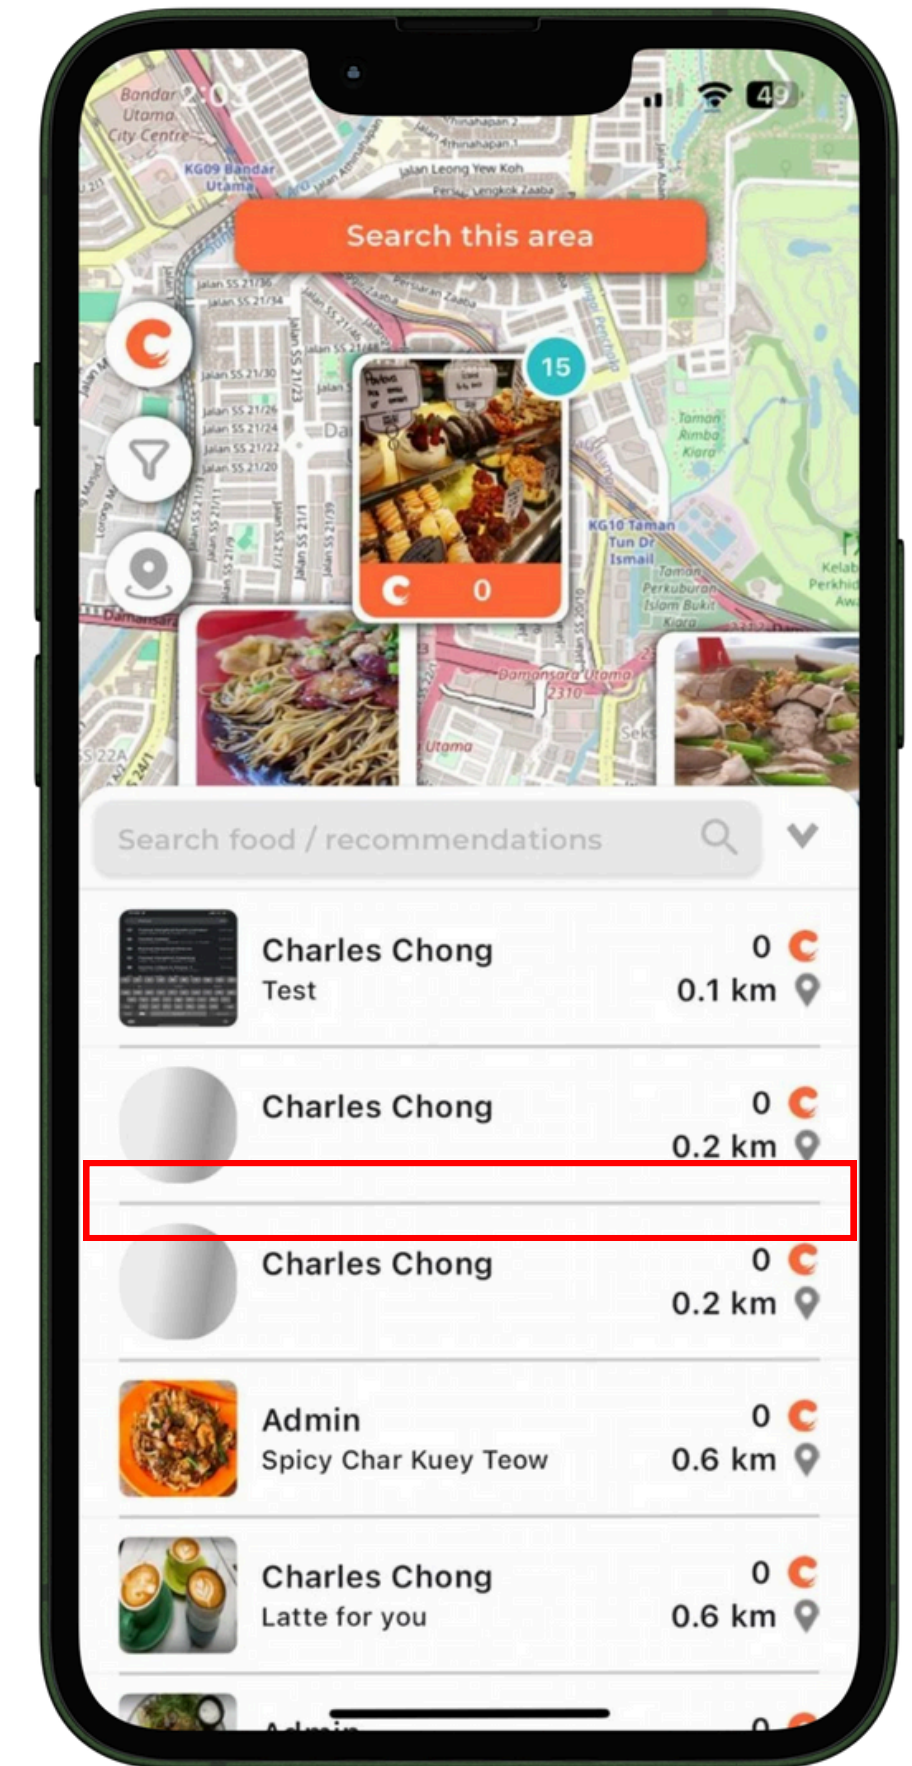

# Search Bar

- The lines should extend fully across the designated space and it should be curved with a drop shadow of 2 pixels with 15% transparency.

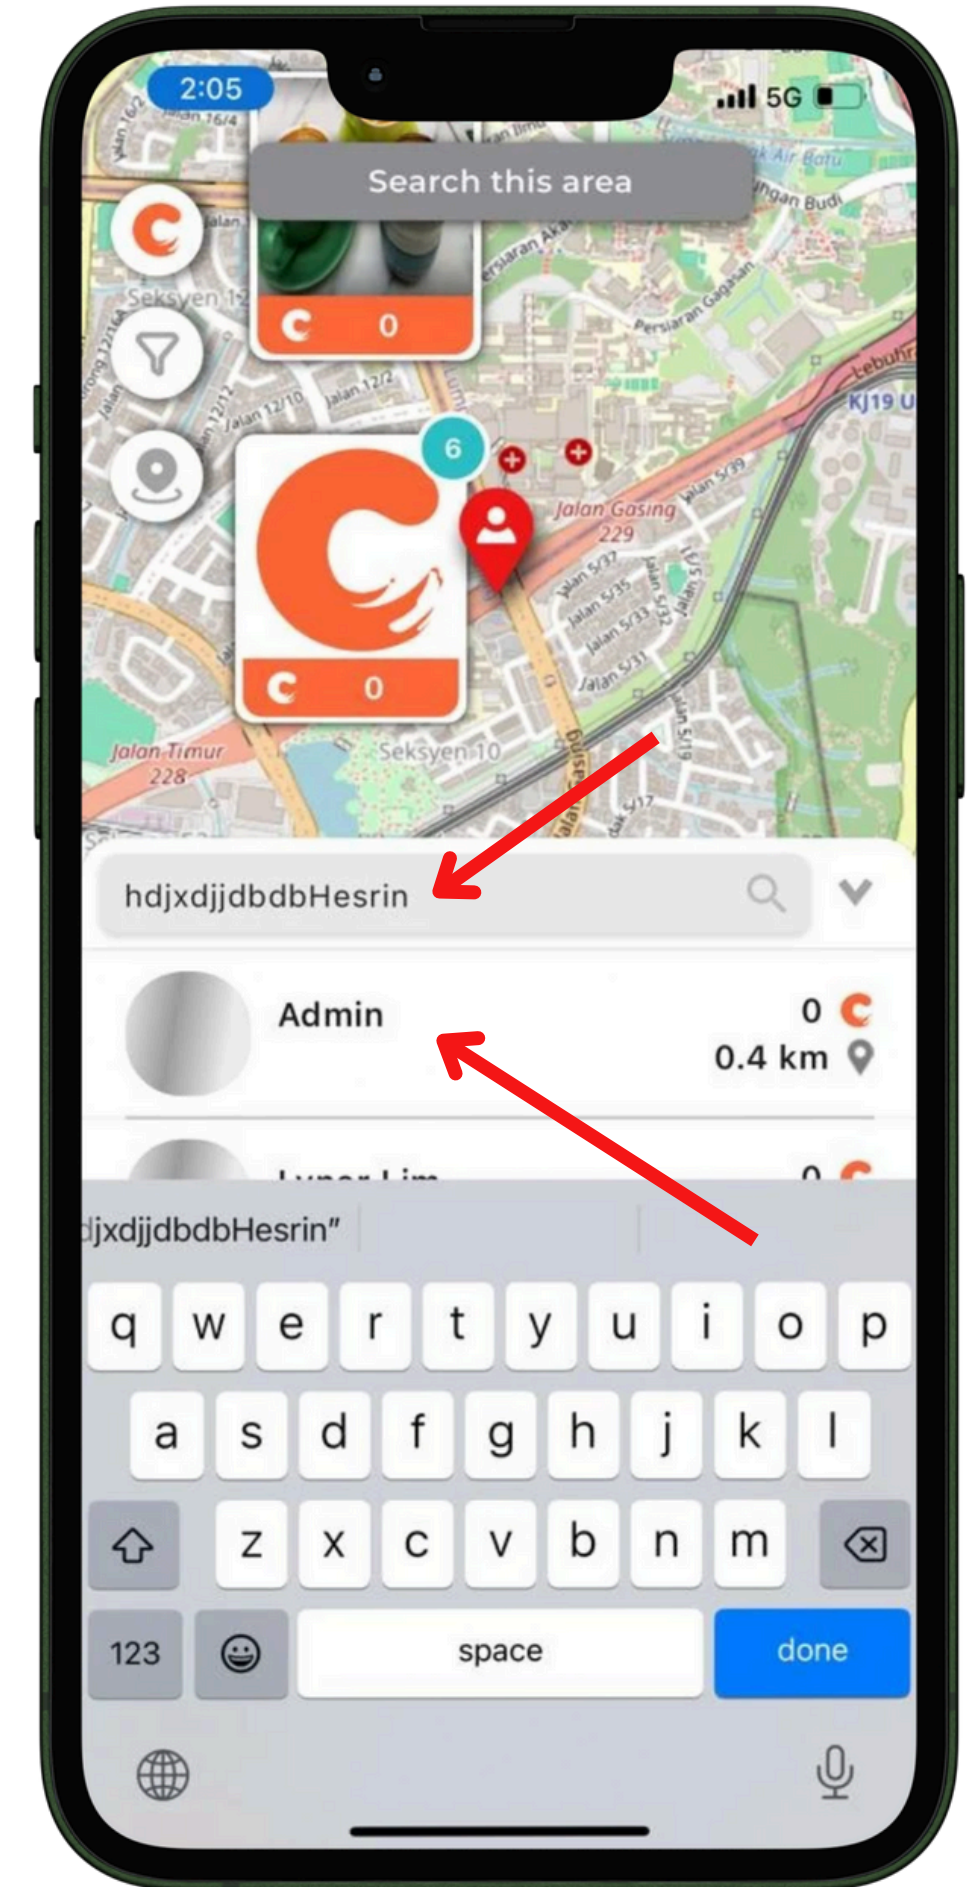

UI/UX Design

Live App

# Search Bar

- The search results should be responsive according to the user input in the search bar.

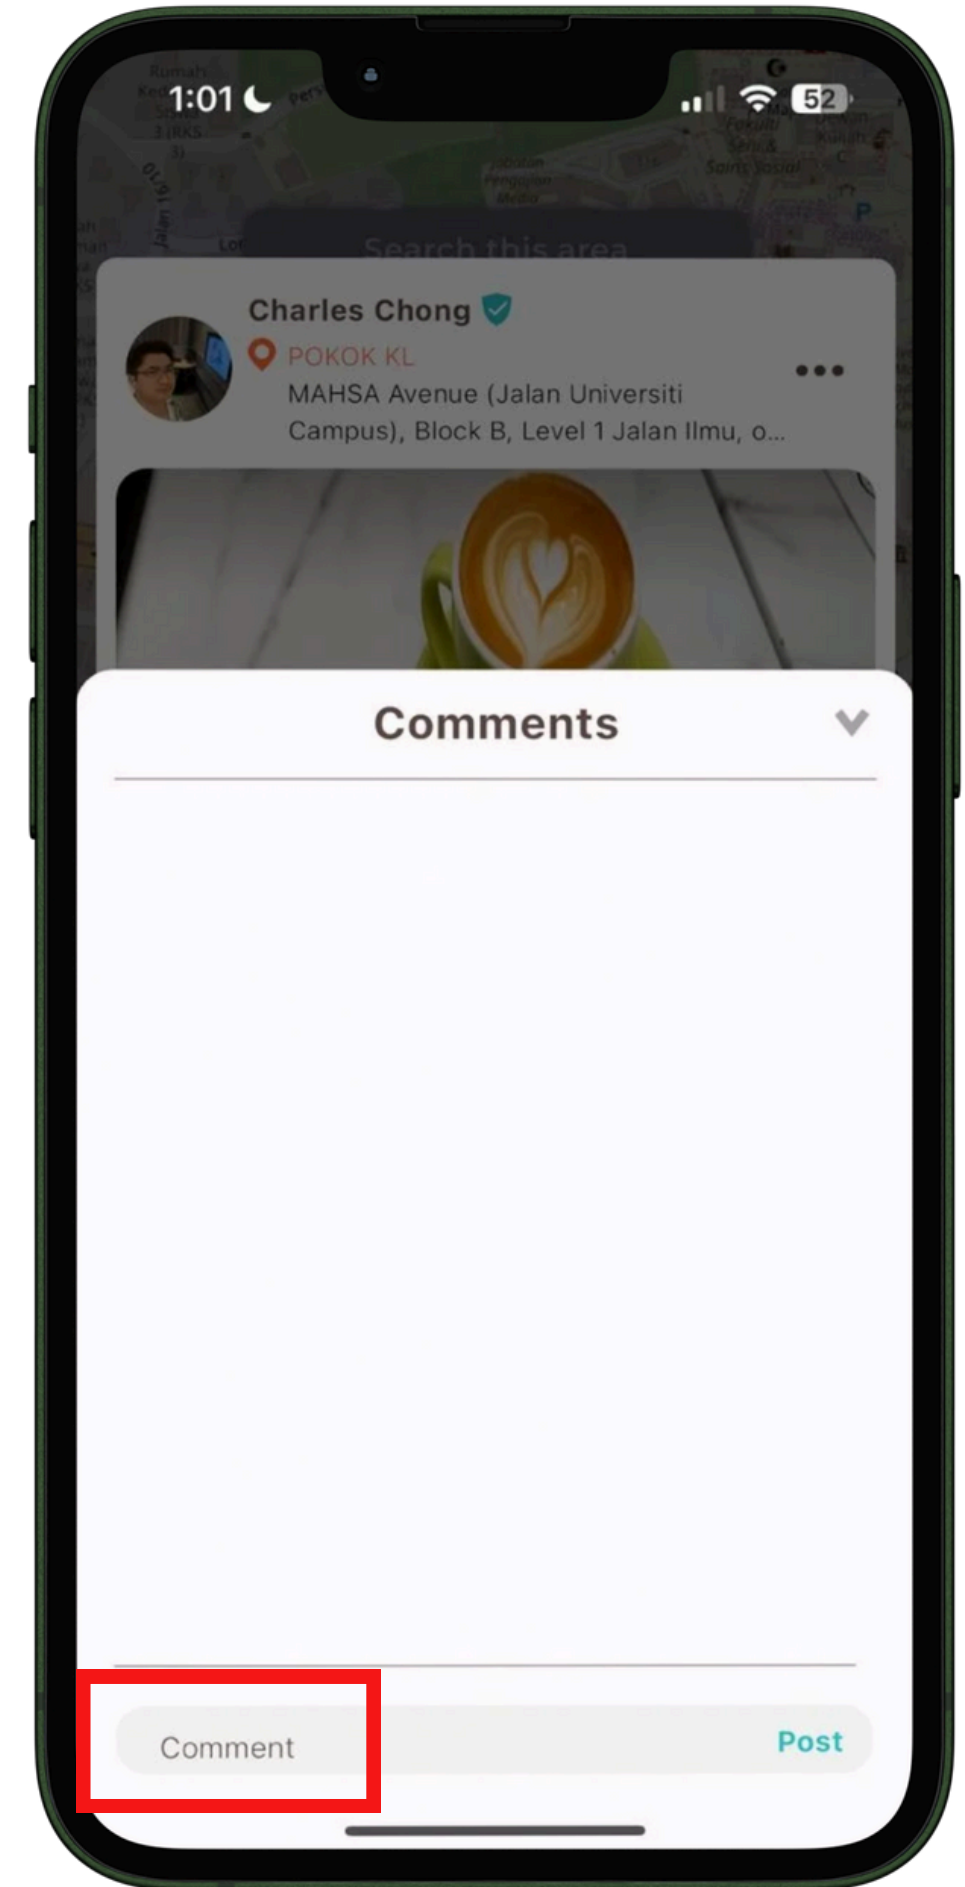

**Comments**

# Comment

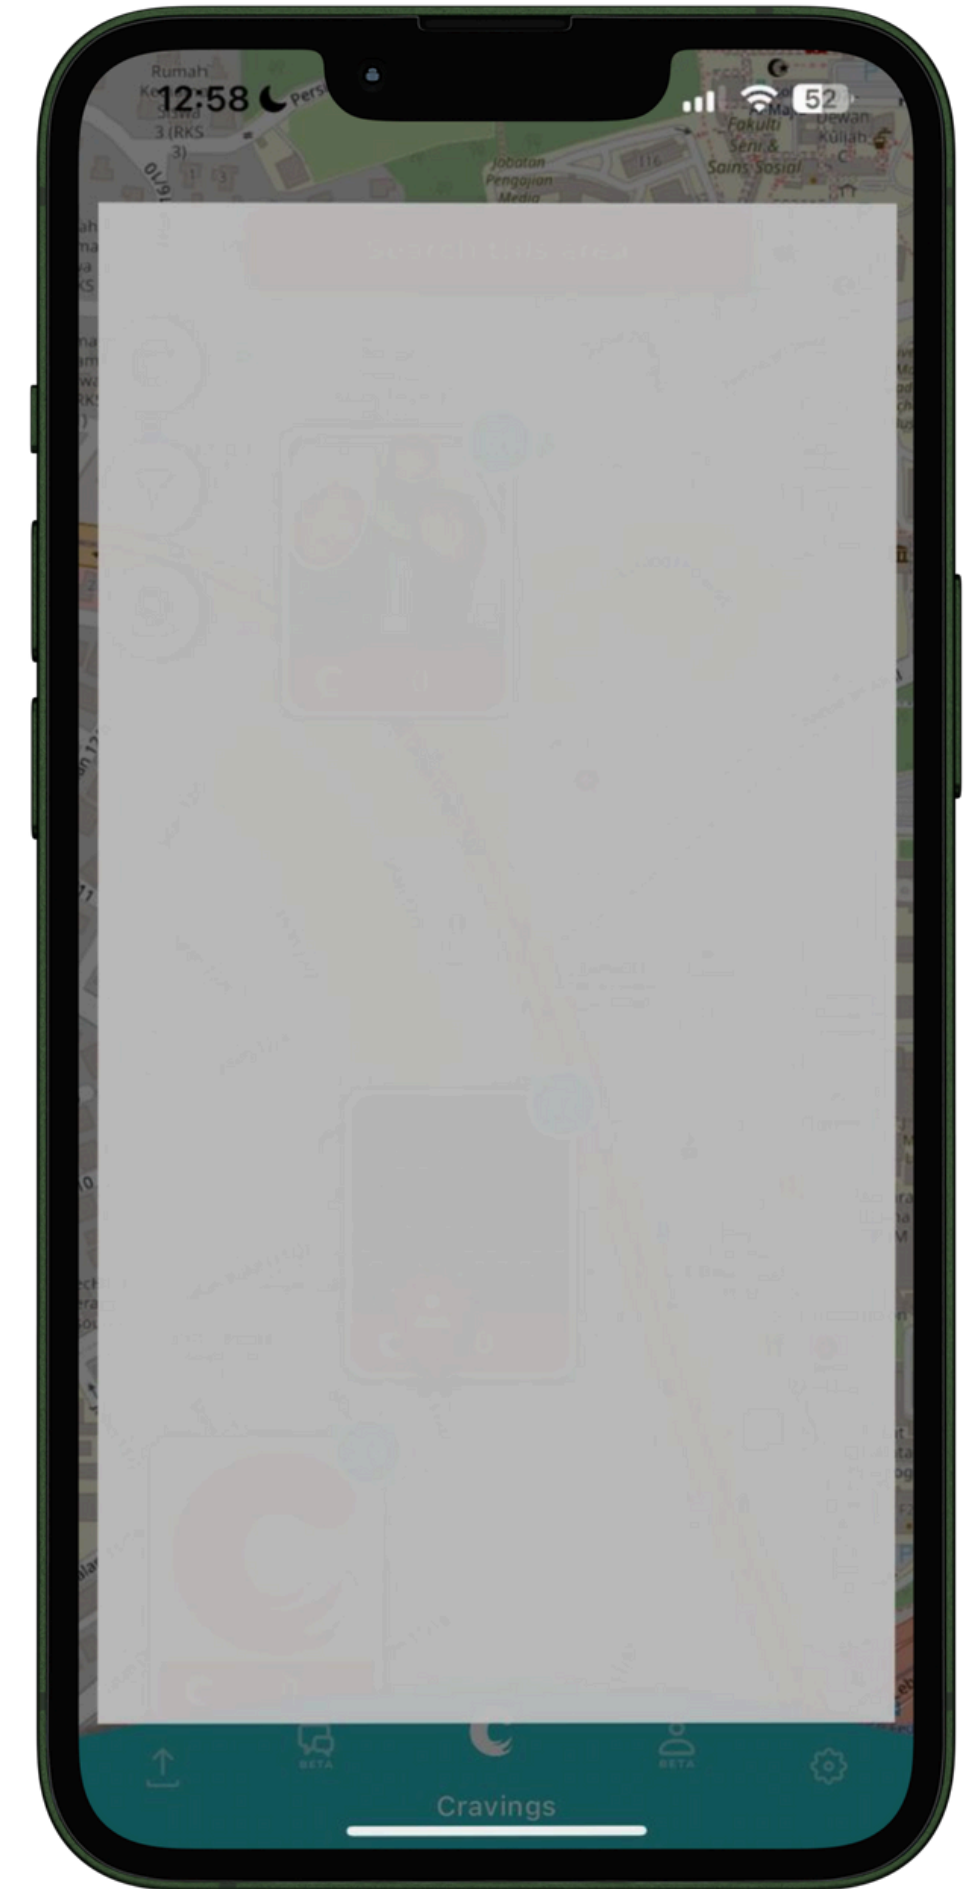

- The “Comment” placeholder is not centered.

# Statistics

# Statistics

- When user presses the statistics button, it does not show the statistics (shows grey screen).

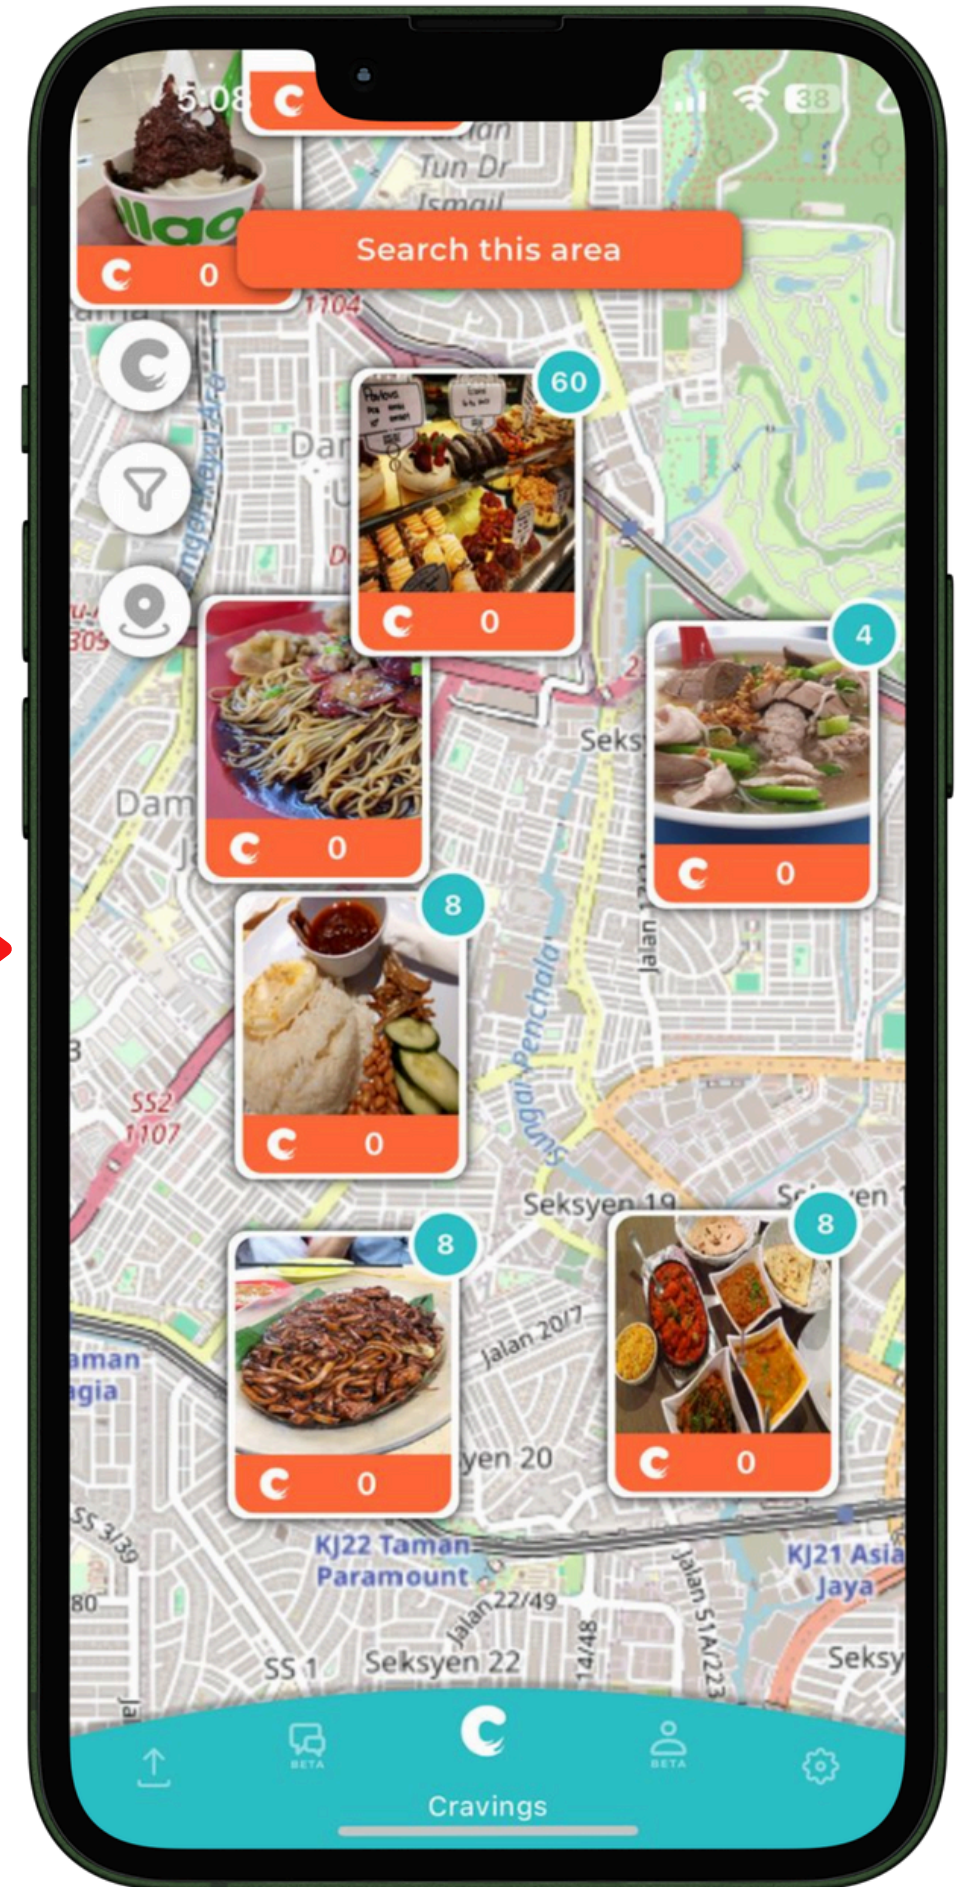

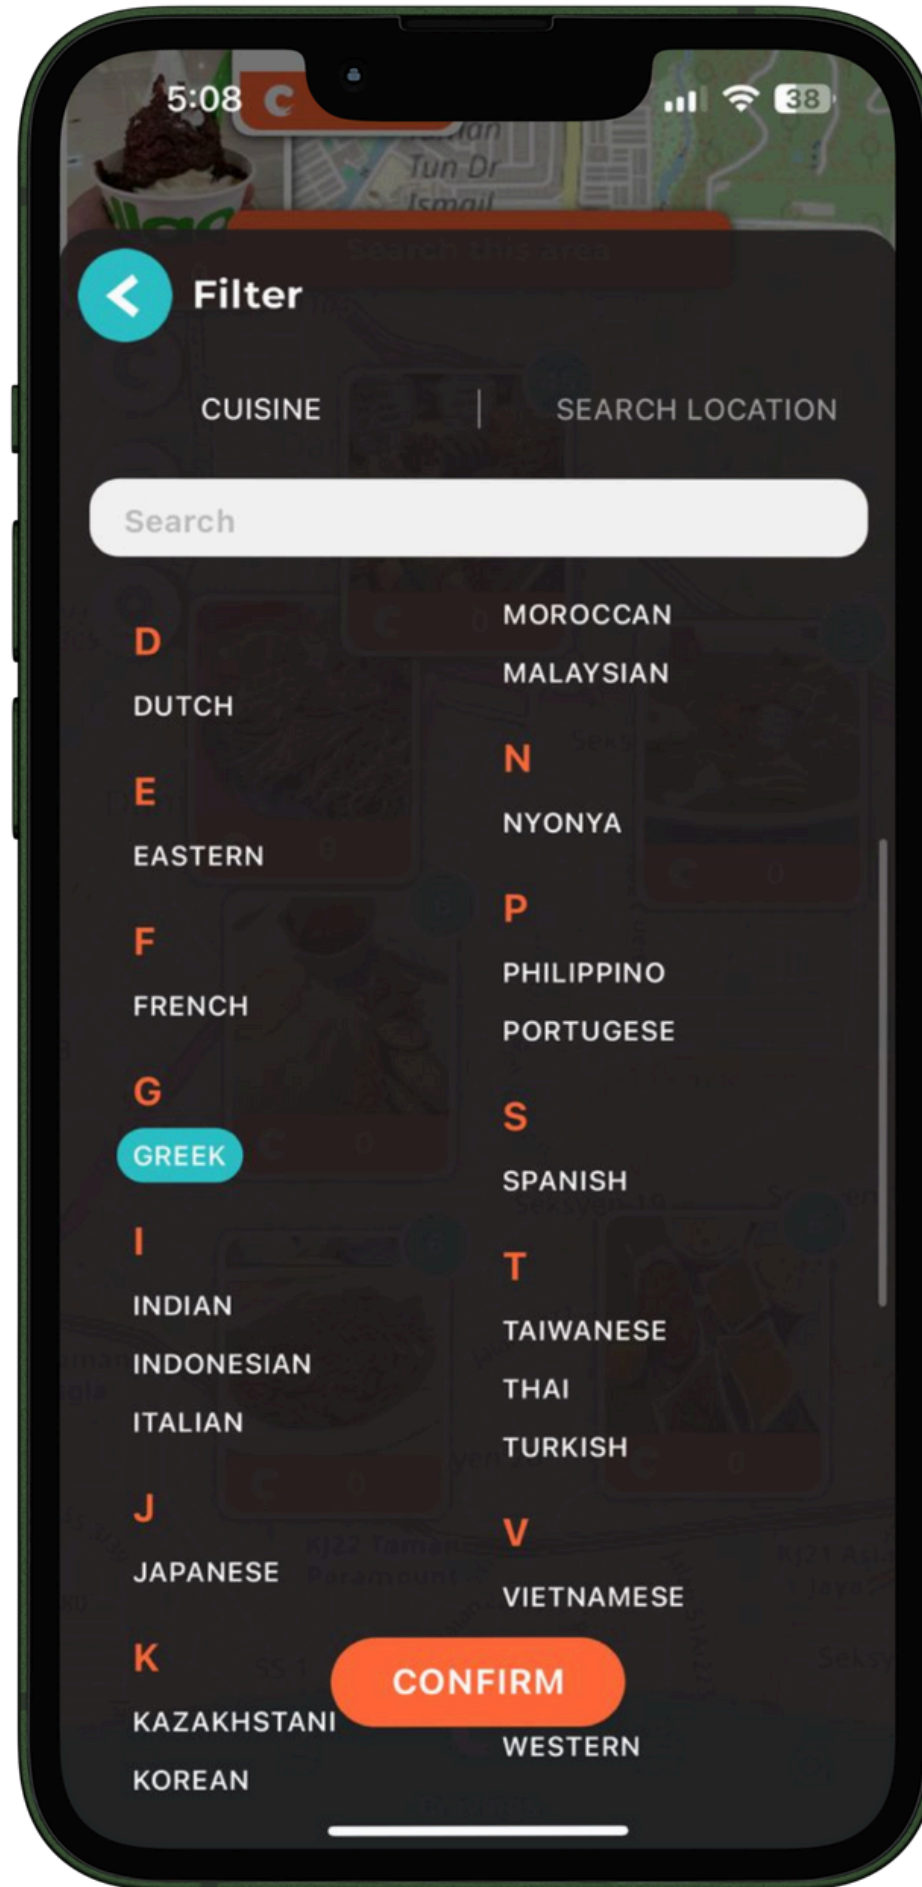

**Filter**

# Filter

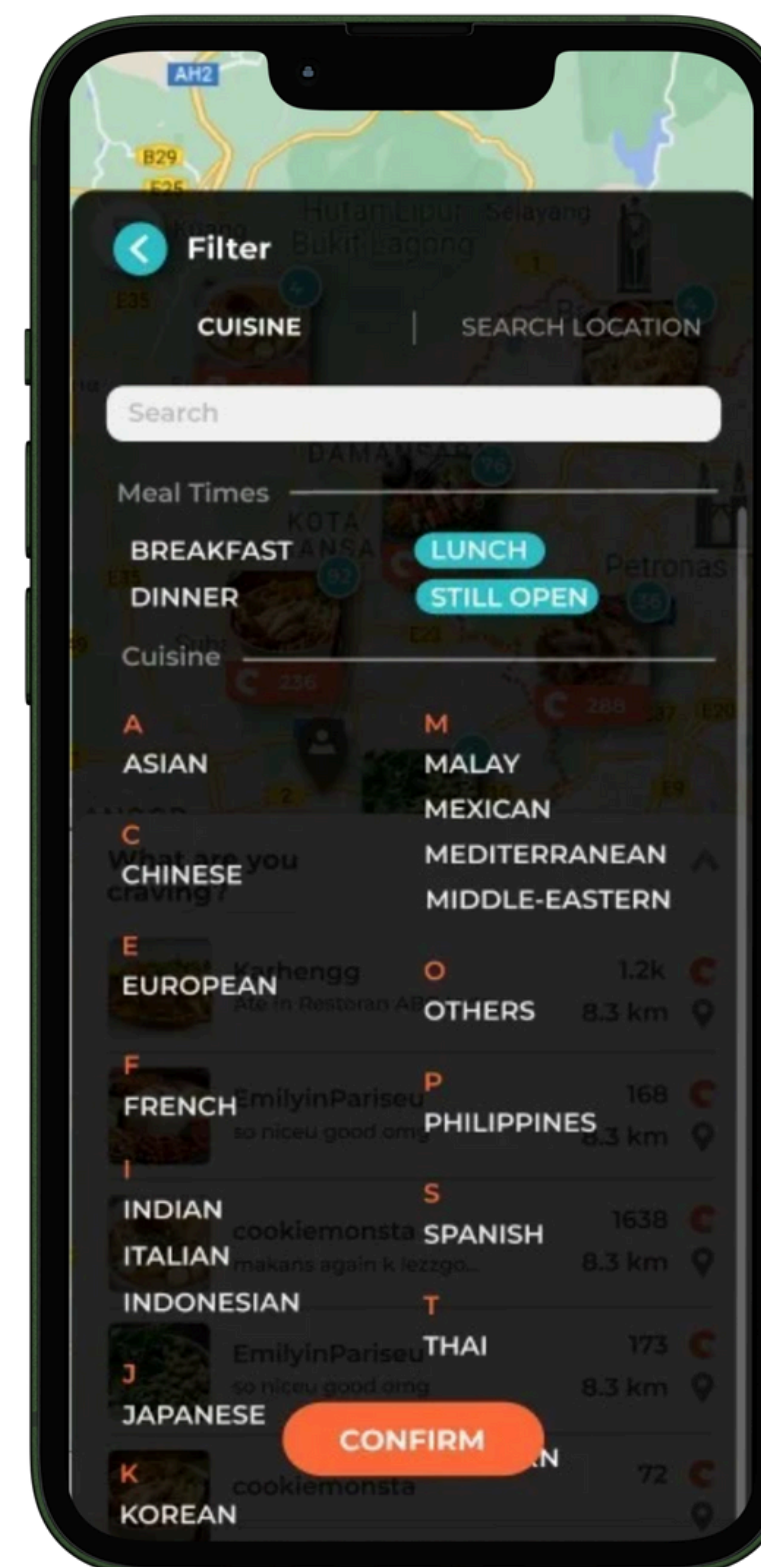

- The filtering system does not work. The same search results show after pressing the “Confirm” button.
- **Important note:** Filtered results does not show after pressing confirm.

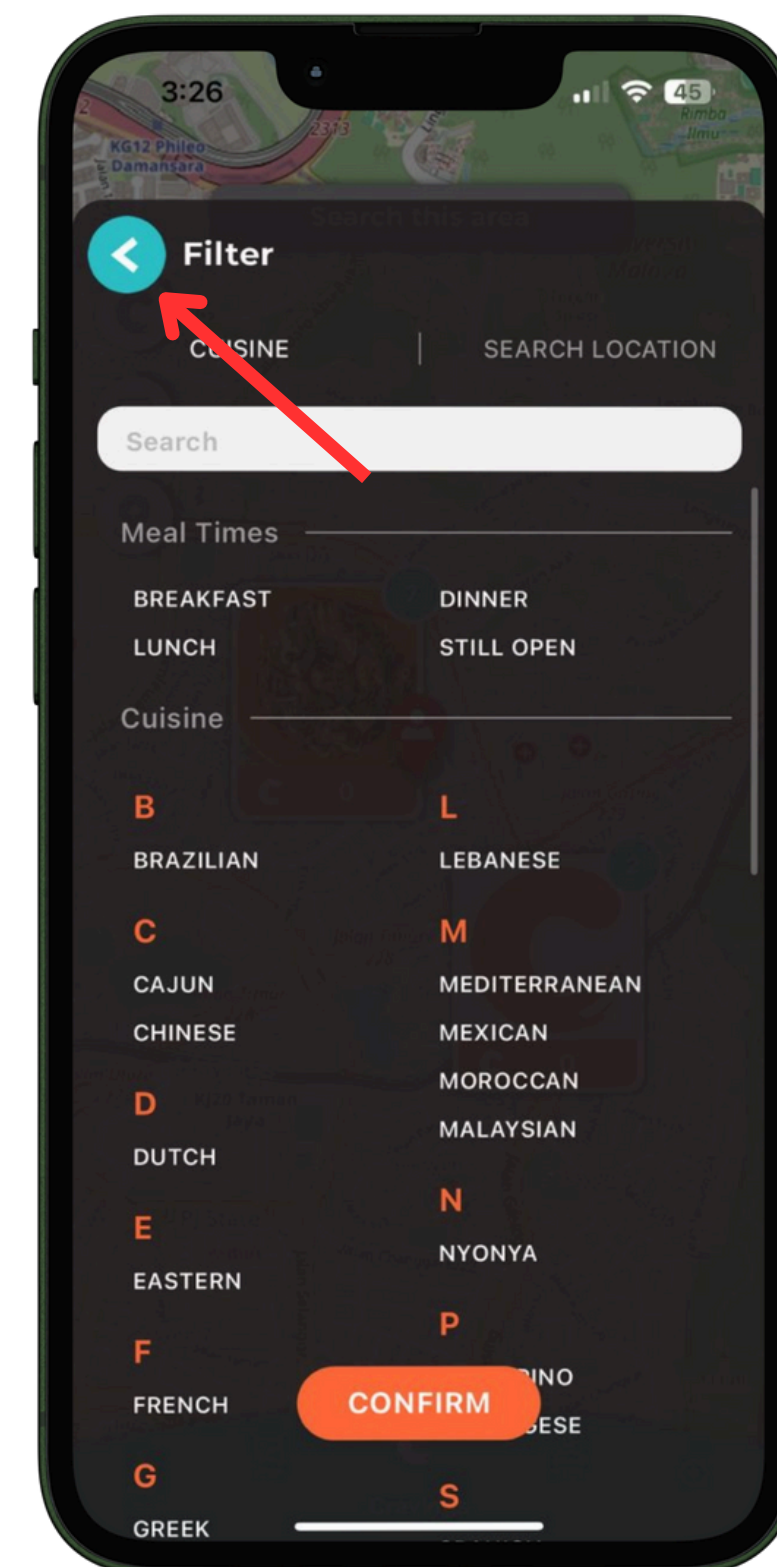

# Filter

- The back button is too large.
- **Important note:** The size should be 33x33 pixels.

UI/UX Design
