Loading
Animation

Loading Animation

1. Loading animation should be changed from the current one to the new one.

2. You can refer the video I sent in WhatsApp

3. Remove the grey background that appear during loading

Before

After

Navigation Bar

Navigation Bar

1. Change the homepage icon to this plus (+) icon
2. Change "Home" to "Upload"

Upload

Upload

1. When user clicked to the + icon, it should navigate the user to
    - select image from their gallery
   - navigate to post page (same flow as previous Camera page)

Cravings

Cravings

1. Change the reset location icon to the previous one. Actually I cant find exact match of your icon in Figma, that's why I put up that icon.

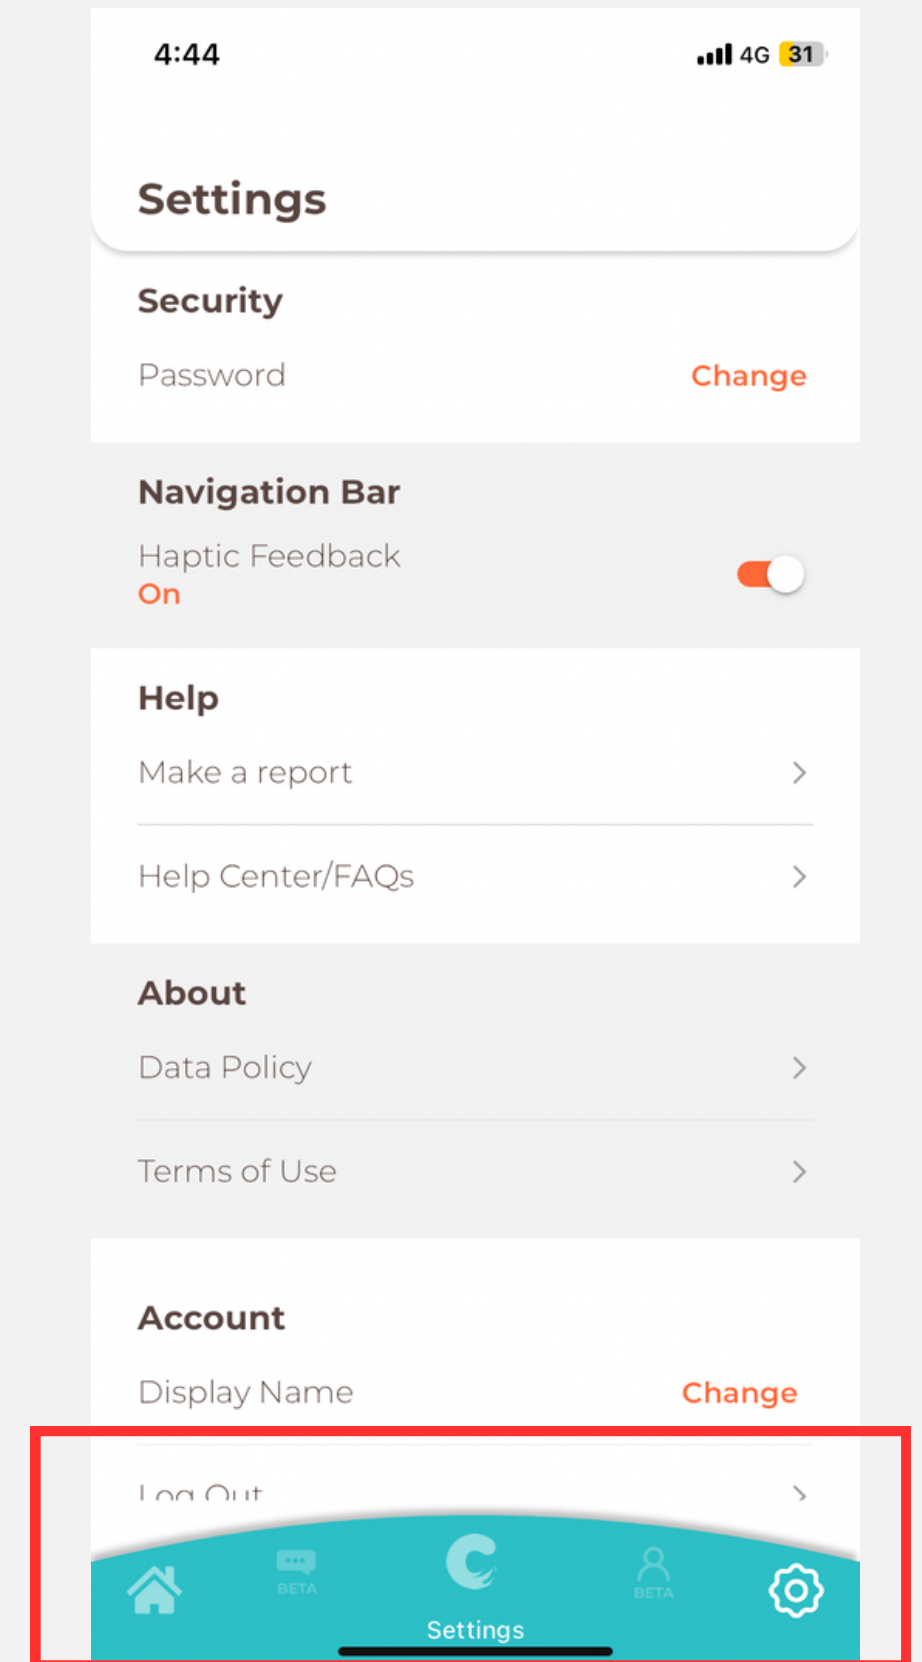

Before

After

Settings

Settings

1. There is white bar in the navigation bar

2. User cannot go back to Cravings page after clicking Settings page / The sensitivity is very very low

After

Thanks!
